RE: HAVA Title II, Section 251 Requirements Payment Report

Dear Mr. Wilkey:

Enclosed is the HAVA Title II, Section 251 Requirements Payment report for the period 10/1/05 through 9/30/06 due March 30, 2007. Attached to that Form 269 are footnotes to line 12, a financial spreadsheet showing requirement fund balances, an analysis and description of activities funded with state plan references, a list of expenditures made with respect to each category, and the number and type of voting equipment purchased this period.

Also enclosed is an amended form 269 from last period reflecting amounts included in error. Preparation of the present report revealed a transposition error in an amount refunded.

If you have any questions, please contact this office.

Sincerely,

A handwritten signature in dark ink, appearing to read "Pat Arp by Tom Arp".

**WYOMING SECRETARY OF STATE
REPORT ON EXPENDITURE OF HAVA TITLE II FUNDS
STARTING 10/01/2005 AND ENDING 09/30/2006**

Pursuant to U. S. Election Assistance Commission (EAC) protocol, the following narrative compilation lists expenditures and descriptions of activities undertaken with HAVA Title II, Section 251 Requirements Payments by, or at the direction of, the Wyoming Secretary of State during the Federal Fiscal Year beginning October 1, 2005 and ending September 30, 2006.

In support of 42 USC 15401, Section 251 (b), Requirements Payments, the following efforts were commenced and funded:

I. COMPLYING WITH REQUIREMENTS OF TITLE III -- \$6,655,101.59

a. Equipment that meets voting systems standards -- \$6,141,192.39

Pursuant to Wyoming's State Plan Section 2, Distribution of Requirements Payment, "...all punch card and lever voting machines can be replaced and a touch screen can be placed in each established polling place with anticipated requirements payments if full funding is received." That goal was met with compliant voting equipment placed in all counties from ES&S and Diebold.

Certain ballot materials and expenditures were made in this category to acquire the physical products to make the voting equipment function.

b. Provisional voting -- \$0.00

No HAVA Section 251 money was expended to implement provisional voting, though, Wyoming did offer provisional voting to its citizens during the 2006 Federal Election. The Wyoming Plan discusses provisional voting in Section 1, 302.

c. Voting Information -- \$1,565.50

HAVA Section 251 money was expended for public education encouraging the public to use the new equipment and instructing them how to use the accessibility and voter friendly features of the new equipment. The Wyoming Plan contemplates public outreach to voters in Section 3.

d. Statewide voter registration list -- \$512,343.70

Wyoming's State Plan, Section 2 Distribution of Requirements Payment, discloses several anticipated uses of HAVA Section 251 money including, "The Wyoming Secretary of State will purchase or pay for the development of the statewide voter registration system including costs associated with implementation in each county." Beginning in February 2004, Accenture e-Democracy was contractually retained to develop a HAVA compliant voter registration system consistent with HAVA Section 303. Title II funds were

expended under the State Plan with the intent of bringing the voter registration system online state-wide for use in the 2006 Federal Congressional Elections in Wyoming. In March 2006 (release signed April 14, 2006), the Secretary of State terminated the Accenture e-Democracy contract. Approximately \$3,700,000 already paid to Accenture e-Democracy from HAVA funds was refunded to the Secretary of State and was placed back into HAVA Title II, Sec. 251 (Fund 481) from whence it came, for expenditure at a later date.

Concurrent with termination of the Accenture Voter Registration development contract, the Secretary of State undertook steps to make its existing Voter Registration system Department of Justice acceptable for the purposes of conducting the 2006 local, county, state and federal elections. Through a collaborative effort by the Wyoming Department of Administration and Information Technology Division (ITD), Darryl Eads (a contract programmer), and the dedication of the Secretary of State's Information Technology staff, approximately \$601,335.61 of HAVA Title I money was expended to make the old voter registration system Department of Justice acceptable for the 2006 election.

As of March 2007 the Secretary of State's Office is negotiating contractual development of a Voter Registration System. The project will begin immediately.

e. Voters who register by mail -- \$0.00

No provisions were made for voter registration by mail in the State Plan since Wyoming residents have been able to register with the County Clerks by mail prior to HAVA being enacted.

II. COMPLYING WITH OTHER ACTIVITIES TO IMPROVE THE ADMINISTRATION OF ELECTIONS -- \$0.00

No Title II, HAVA money was expended under Sections 251 (b) (2) (A) or (B) since the state of Wyoming has not yet met all the requirements of HAVA's Title III.
